

**UNILOK TUBE FITTING**  
**Stainless Steel 316**  
**double ferrule**  
**compression type tube**  
**fitting.**

Inch and metric sizes (Its All Korea) Available In Brass materials  
 Gaugeability-  
 Interchangeability-  
 Corrosion Resistance  
 Application: High pressure tube connections for use in marine, offshore and industrial piping systems with hydraulic system fluids, fuel oil, lubricating oil, fresh water, salt water, sanitary, gas, steam and condensate. **AVAILABLE IN BRASS MATERIALS**  
 Standard pack polybag 5-10pcs

Tube Diameter: Inch size Ø1/8", 3/16", 1/4", 3/8", 1/2", 3/4", 1"  
 Metric size: Øm4, m6, m8, m10, m12, m15, m16, m18, m20, m22, m25  
 Thread Diameter: 1/8"npt, 1/4"npt, 3/8"npt, 1/2"npt, 3/4"npt, 1"npt  
 Valves see on page 39,40,47A,48A..
